The hotel has a total of approximately 1180 square feet available for executive business meetings, banquets, and social events. Two meeting rooms can accommodate up to 60 people in a theater-style setting or 35 people in a classroom arrangement; the third room is a professionally appointed executive boardroom that seats twelve people comfortably in high-back leather swivel chairs. The standard rate for each room is \$150/day; this includes access to our wireless high-speed internet. If you anticipate utilizing the space for part of the day (a few hours), or if attendees are guests of the hotel, I would like to extend a discounted rate to you. I'll also consider negotiating on the rate should you decide to consume a lunch or snack package for your attendees.

The Federal per diem in Utah is \$70. Individuals requesting this rate must show Federal Government ID and orders when checking in. This \$70 rate applies to the standard double-double and standard king rooms. If a federal guest requests a junior suite or an executive suite we will offer the best available rate.

Also, on any given day there is a maximum number of rooms held for government use. However, if you know that you will require a large block of rooms, we will draw up a rooms agreement and block the number of rooms required.

At this time, we have a couple of black-out periods, they are: August 7 - 17, 2008, and September 6 -12, 2008.
